

UKADR CONFERENCE 2022

Disaster research and innovation at a time of global uncertainty

7th & 8th December

Edinburgh Climate Change Institute,
Edinburgh

CONFERENCE PROGRAMME

Day 1		
	Welcome and keynote panel discussion	
09:30-10:45	Disaster research and innovation at a time of global uncertainty - stakeholder perspectives 📍 Conference room	
10:45-11:15	Coffee and tea	
11:15-12:45	Parallel session – 1A How can a ‘supporting self-recovery approach’ to humanitarian assistance realise safer and healthier homes after disaster? 📍 Conference room	Parallel session – 1B Future visioning for risk resilience and development 📍 Training and skills room
12:45-13:30	Lunch and poster sessions	
13:30-15:00	Parallel session – 2A Whose recovery? Recognising and supporting the voices of disaster-affected people 📍 Conference room	Parallel session – 2B Innovative research to build capacity of East African communities to natural hazard 📍 Training and skills room
15:00-15:30	Coffee and tea	
15:30-17:00	UKADR ECR Network session and side events 📍 Conference room	
17:00-18:00	UKADR Annual General Meeting 📍 Conference room	
18:00	Evening drinks reception at ECCE – Everyone welcome! 📍 Conference room	
Day 2		
09:00-09:30	Welcome and keynote address	
	Voices in a Pandemic (VIP-CLEAR): using deep mapping to explore children’s changing perceptions and experiences during COVID-19 ‘recovery’ – Prof Lindsey McEwen 📍 Conference room	
09:30-11:00	Parallel session – 3A Multi-hazard risk management approaches across disaster risk management and climate change adaptation 📍 Conference room	Parallel session – 3B Innovative governance mechanisms for co-produced risk management and climate change adaptation 📍 Training and skills room
11:00-11:15	Coffee and tea	
11:15-12:45	Parallel session – 4A Managing global uncertainty with effective warnings 📍 Conference room	Parallel session – 4B Bridging Disaster Risk Reduction and Climate Change Adaptation for Resilience 📍 Training and skills room
12:45-13:30	Lunch and poster sessions	
13:30-15:00	Parallel session – 5A The use of citizen science to understand societal responses and needs to natural hazard threats 📍 Conference room	Parallel session – 5B Health and DRR: lessons from COVID, mental health and disaster risk reduction research 📍 Training and skills room
15:00-15:15	Break	
15:15-16:30	Conference reflections with nibble and wine	
16:30	Closing remarks
